

# Southern Cities Construction — Printable SOP Cards

Each card fits one page. Use the same skeleton: - Service - Promise - Model - SC owns - Vendor lane - Inputs - Deliverable - QA - TAT - Risk - Never outsource - Client update language

Operating rule on every card: Southern Cities owns judgment. Vendors do production only. Final delivery and accountability stay with Southern Cities.

---

## Card 1 — Home Assessment

- Promise: Clear next-step assessment before the wrong spend happens
- Model: B
- SC owns: site judgment, condition risk, recommendation
- Vendor lane: field photo runner, remote admin
- Inputs: address, photos, issue summary, goals
- Deliverable: SC-written assessment with priority list and next step
- QA: visible issues addressed, risks flagged, no false certainty, next step clear
- TAT: 2 business days
- Risk: Medium
- Never outsource: assessment judgment
- Client update: We are reviewing your property details and preparing your assessment summary now.

## Card 2 — Owner Consultation

- Promise: Direct project decision guidance
- Model: A
- SC owns: full consult and recommendation
- Vendor lane: remote admin
- Inputs: issue summary, address, photos, questions
- Deliverable: consult, summary notes, next step
- QA: questions answered, risks noted, next action clear
- TAT: scheduled
- Risk: Medium
- Never outsource: live consult, project judgment
- Client update: We have your consultation request and are preparing the project brief before the call.

## Card 3 — Home Project Budget Review

- Promise: Better budget direction before commitment
- Model: B
- SC owns: pricing logic, assumptions, final range
- Vendor lane: estimator/takeoff, AEC VA
- Inputs: address, scope, photos, dimensions, existing bids
- Deliverable: SC-signed budget range with assumptions and exclusions
- QA: assumptions explicit, exclusions clear, pricing coherent
- TAT: 2 to 4 business days
- Risk: High
- Never outsource: final pricing judgment
- Client update: We are reviewing your scope and building the pricing support needed for a realistic budget range.

## Card 4 — Permit Path Review

- Promise: Clearer permit path before work gets messy
- Model: B
- SC owns: jurisdiction interpretation, risk read, final recommendation
- Vendor lane: permit coordinator, drafting if needed

- Inputs: address, scope, plans/photos, timing
- Deliverable: likely permit path, required items, next-step recommendation
- QA: jurisdiction matched, assumptions disclosed, uncertainty noted
- TAT: 2 business days
- Risk: High
- Never outsource: permit interpretation judgment
- Client update: We are confirming the likely permit path and the items needed before you move further.

## **Card 5 — Permit Administration**

- Promise: Tighter handling of filings, corrections, and follow-up
- Model: C
- SC owns: filing strategy, risk decisions, client comms, approvals
- Vendor lane: permit coordinator, document controller, inspection scheduler
- Inputs: property/owner info, scope docs, contractor info if applicable
- Deliverable: permit packet, correction log, status updates, submission support
- QA: packet completeness, jurisdiction-specific compliance, current logs
- TAT: jurisdiction-dependent
- Risk: High
- Never outsource: filing judgment, correction strategy, client accountability
- Client update: Your permit file is being prepared and tracked. We will update you when submission or correction status changes.

## **Card 6 — Construction Oversight**

- Promise: Stronger project control on an active job
- Model: E
- SC owns: oversight judgment, site review, milestone calls, contractor direction
- Vendor lane: field photo runner, AEC VA, document controller
- Inputs: job status, contract docs, photos, issues
- Deliverable: SC-signed oversight reports, issue list, milestone notes, recommendations
- QA: field facts verified, risk items escalated, no delegated judgment
- TAT: ongoing
- Risk: Very High
- Never outsource: oversight judgment, site direction, contractor accountability
- Client update: We are actively reviewing project progress and issue points before issuing our next oversight update.

## **Card 7 — Investor Review**

- Promise: Better construction-side read before you buy or fund
- Model: B
- SC owns: deal/risk judgment, recommendation
- Vendor lane: AEC VA, photo runner
- Inputs: address, deal context, photos, prior reports
- Deliverable: SC-written risk memo and next-step recommendation
- QA: risks identified, assumptions stated, no buy/no-buy bias hidden
- TAT: 2 to 4 business days
- Risk: High
- Never outsource: buy/no-buy judgment

## **Card 8 — Rehab Budget Review**

- Model: B
- Vendor lane: estimator/takeoff, AEC VA
- SC owns: assumptions, pricing call
- Deliverable: SC-signed rehab budget range

- Risk: High
- Never outsource: pricing judgment

### **Card 9 — Contractor Fit Consultation**

- Model: A
- Vendor lane: remote admin
- SC owns: full judgment
- Risk: High
- Never outsource: contractor fit recommendation

### **Card 10 — Bid Coordination & Contractor Match**

- Model: B
- Vendor lane: AEC VA, remote admin
- SC owns: final selection
- Deliverable: SC-curated bid matrix and recommended contractor
- Risk: High
- Never outsource: who to hire

### **Card 11 — Materials Logistics Setup**

- Model: C
- Vendor lane: materials procurement
- SC owns: strategy approval
- Deliverable: SC-approved sourcing plan, vendor list, delivery schedule
- Risk: Medium

### **Card 12 — Lender Scope & Bid Package**

- Model: C
- Vendor lane: estimator, document controller, AEC VA
- SC owns: scope framing, lender position, sign-off
- Deliverable: SC-signed lender package
- Risk: High

### **Card 13 — Rent-Ready Turn**

- Model: B
- Vendor lane: estimator, materials procurement, drafting if needed
- SC owns: turn strategy and pricing
- Deliverable: SC-signed turn budget and scope
- Risk: Medium-High

### **Card 14 — Draw Review Support**

- Model: C
- Vendor lane: AEC VA, document controller, photo runner
- SC owns: final risk read
- Deliverable: SC-approved draw evidence package
- Risk: High

### **Card 15 — Regional Investor Setup Consultation**

- Model: A
- Vendor lane: AEC VA brief

- SC owns: full advisory
- Risk: Medium

### **Card 16 — Final Inspection / Resale Readiness Review**

- Model: B
- Vendor lane: photo runner, AEC VA, document controller
- SC owns: final readiness judgment
- Deliverable: SC-signed punch list and resale readiness pack
- Risk: Medium-High

### **Card 17 — Buyer Confidence / Warranty Communication Package**

- Model: C
- Vendor lane: document controller, AEC VA
- SC owns: final wording and approvals
- Deliverable: SC-signed buyer confidence and warranty pack
- Risk: High
- Never outsource: warranty representations

### **Card 18 — Realtor Inspection Response & Review**

- Model: B
- Vendor lane: AEC VA, document controller
- SC owns: repair judgment, client-facing language
- Deliverable: SC-written inspection item matrix and recommendation
- Risk: Medium-High

### **Card 19 — Pre-Listing Budget & Prep Review**

- Model: B
- Vendor lane: estimator, AEC VA
- SC owns: pricing direction
- Deliverable: SC-signed listing prep budget and scope
- Risk: Medium

### **Card 20 — Listing Prep Coordination**

- Model: C
- Vendor lane: remote admin, materials procurement, photo runner
- SC owns: final prep decisions, quality
- Deliverable: SC-managed listing prep cycle
- Risk: Medium

### **Card 21 — Realtor Support Plans**

- Model: C
- Vendor lane: bookkeeper/admin, CRM coordinator
- SC owns: client trust, recommendations
- Deliverable: ongoing recurring support
- Risk: Medium

### **Card 22 — Contractor Permit Administration**

- Model: C
- Vendor lane: permit coordinator, document controller, inspection scheduler

- SC owns: strategy, exception decisions
- Deliverable: SC-led permit support cycle for contractor

### **Card 23 — Inspection Scheduling Support**

- Model: C
- Vendor lane: inspection scheduler, remote admin
- SC owns: exception decisions, escalation
- Risk: Medium

### **Card 24 — Active Job Admin Support**

- Model: C
- Vendor lane: remote admin, document controller, CRM coordinator
- SC owns: exception decisions
- Risk: Medium

### **Card 25 — Construction Oversight Support (for contractors)**

- Model: B
- Vendor lane: AEC VA, photo runner, document controller
- SC owns: oversight judgment lite where contractor still owns the job
- Risk: Medium-High

### **Card 26 — Contractor Back-Office Support Plans**

- Model: C
- Vendor lane: bookkeeper/admin, CRM coordinator, permit coordinator, inspection scheduler
- SC owns: account ownership, exception calls
- Risk: Medium

### **Card 27 — Developer Project Review**

- Model: B
- Vendor lane: AEC VA, estimator
- SC owns: judgment, risk read
- Risk: High

### **Card 28 — Developer Budget & Scope Review**

- Model: B
- Vendor lane: estimator, AEC VA
- SC owns: pricing direction, assumptions
- Risk: High

### **Card 29 — Developer Permit Administration + Construction Oversight (Split)**

- Permit half: C — permit coordinator, document controller, inspection scheduler
- Oversight half: E — admin layer only: photo runner, AEC VA
- SC owns: oversight judgment, permit strategy
- Risk: Very High

### **Card 30 — Project Control Retainer**

- Model: B
- Vendor lane: CRM coordinator, AEC VA, document controller

- SC owns: control judgment
- Risk: High

### **Card 31 — Execution Oversight Retainer**

- Model: E
- Vendor lane: admin layer only
- SC owns: full oversight responsibility
- Risk: Very High

### **Card 32 — Full Contracting (Renovations, Rehabs, New Builds, Additions)**

- Model: D
  - Field: trade subcontractors
  - Precon/admin: estimator, AEC VA, drafting/CAD, permit coordinator, inspection scheduler, materials procurement, document controller, CRM coordinator, bookkeeper/admin, photo runner
  - SC owns: sales, contract, scope, pricing, sub selection, schedule, field management, quality, safety, change orders, payment approvals, warranty, licensing
  - Never outsource: contracting accountability, field judgment, change-order judgment, client trust, warranty obligations, licensing exposure
- 

### **Universal QA gate (every card)**

- Scope match
- Assumptions explicit
- Risks called out
- Pricing supportable
- Recommendations attributed only to SC
- Next step clear
- No vendor branding
- No implied promises
- Escalations resolved
- Archived properly

### **Universal client communication rules**

- Always say: Southern Cities is reviewing/coordinating
- Never say: outsourced team or third-party vendor
- Final recommendations: only from Southern Cities
- Final accountability: Southern Cities
