THE BUSINESS IN ONE LINE

Licensed NC General Contractor (Charlotte, NC) selling **project support** AND **full contracting** to investors, wholesalers, realtors, and homeowners.

BRAND PHILOSOPHY - "THE STANDARD"

A home is where a person lives their life. That deserves a standard - process, planning, execution, and management, done right.

Tagline: Built to a standard. Priced for real life.

Not luxury. Not janky half-fixes. Quality places at a reasonable price. Held to a standard, every project.

AUDIENCES (PRIORITY ORDER)

- | | | |
|---|--------------------------------|-------------------------------------|
| 1 | NC Wholesalers | Current paid focus |
| 2 | Investors | Highest-value, flagship buyers |
| 3 | Realtors | Pre-listing audits, repair response |
| 4 | Homeowners | Owner-Controlled Build |
| 5 | Developers / industry partners | Low priority |

FLAGSHIP PRODUCT

Owner-Controlled Build - hybrid. Customer stays the owner/PM. SCC carries the GC license, pulls permits, runs execution controls. *"GC authority on paper. You stay PM. Real backup."*

WEDGE PRODUCT (FUNNEL ENTRY)

Deal Pack - GC-verified package wholesalers attach to assignments. *"Same property, different buyer pool, 2-4x the fee."*

5-STAGE PRODUCT FRAMEWORK

Due Diligence → **Planning** → **Funding** → **Execution** → **Repeat & Scale**. Use these stage names consistently across all content.

VOICE & TONE

Plain-spoken. Real. No hype.

USE	AVOID
Direct statements. Specific numbers. Wholesaler/investor language ("napkin number," "buyers chop it down," "the table"). Confident understatement.	Hype words ("amazing," "game-changing"). Income guarantees. "Luxury" framing. Generic platitudes. Rows of emojis.
